

KOLE SAMUEL OLAWUMI

Finance & Data Analyst

Financial Reporting | Power BI | SQL | Business Intelligence | Data Visualization

EDUCATION

B.Sc. Accounting
ADEKUNLE AJASIN UNIVERSITY

VOLUNTEER EXPERIENCE

Juvenile Correctional Home Volunteer

PROFESSIONAL DEVELOPMENT

- Data Analytics LearnCamp (Completed)
- Bliss Analytics – Advanced Data Analytics Training (Completed, Certificate Pending)

TECHNICAL SKILLS

Power BI

- DAX
- Power Query
- Data Modeling
- Relationships
- Measures
- Calculated Columns

Finance

- Financial Reporting
- Budgeting
- Tax Compliance
- Bank Reconciliation
- Cash Flow Management

Microsoft Excel

- Pivot Tables
- XLOOKUP
- INDEX/MATCH
- Power Pivot
- Dashboards
- Advanced Charts
- SUMIFS
- COUNTIFS
- IF Functions
- Data Validation
- What-If Analysis

SQL

- SQL Query Writing
- Data Retrieval
- Table Joins
- Aggregate Functions
- Subqueries & CTEs
- Data Cleaning & Transformation

TOOLS & TECHNOLOGIES

- Power BI • SQL • Microsoft Excel • DAX • Power Query • Power Pivot • Microsoft Office

CORE COMPETENCIES

- Data Analysis
- Financial Analysis
- Business Intelligence
- Dashboard Development
- KPI Reporting
- Data Visualization
- Data Cleaning
- Business Reporting

PROFESSIONAL SUMMARY

Finance & Data Analyst with over 15 years of progressive experience in accounting, financial reporting, reconciliation, taxation, and business operations within the insurance industry. Recently expanded expertise into Business Intelligence through hands-on training and practical projects using Power BI, SQL, Microsoft Excel, Power Query, DAX, and data modeling. Experienced in transforming complex datasets into interactive dashboards, KPI reports, and actionable business insights that support strategic decision-making. Passionate about combining finance expertise with analytics to improve business performance.

PROFESSIONAL EXPERIENCE BRANCH ACCOUNTANT

NICON INSURANCE LIMITED | 2010 – PRESENT

- ✓ Prepared accurate monthly, quarterly, and annual financial reports to support executive decision-making and regulatory compliance.
- ✓ Managed premium collections, claims payments, and commission processing while maintaining accurate financial records.
- ✓ Performed account reconciliations and monitored cash flow to ensure financial accuracy and operational efficiency.
- ✓ Supported tax compliance by preparing VAT, PAYE, and withholding tax documentation in accordance with statutory regulations.
- ✓ Collaborated with branch management to support budgeting, financial planning, and operational decision-making through the preparation and analysis of financial reports.
- ✓ Maintained compliance with internal financial controls and audit requirements by ensuring accurate financial documentation, record-keeping, and reporting.
- ✓ Analyzed financial records and account transactions to identify discrepancies, resolve variances, and improve the accuracy of financial reporting.
- ✓ Prepared comprehensive financial reports, bank reconciliations, and supporting schedules that improved reporting accuracy and supported informed management decision-making.

KEY PROJECTS

Financial Performance Dashboard

Power BI | Excel | DAX | Power Query

Executive dashboard for revenue analysis, expense tracking, profitability, KPIs, and financial trends.

ANALYTICS PORTFOLIO

Retail Sales Dashboard

Power BI | Excel | DAX | Power Query

Designed an interactive retail sales dashboard to analyze sales performance, customer purchasing behavior, product category trends, and seasonal demand. Developed dynamic KPIs and visualizations to support business decision-making and identify revenue growth opportunities.

Supply Chain Dashboard

Power BI | Excel | DAX | Power Query

Developed a supply chain performance dashboard to monitor revenue, supplier performance, shipping costs, product sales, and logistics efficiency. Utilized data modeling and interactive visualizations to identify operational trends and support supply chain optimization.

Restaurant Orders Dashboard

Power BI | Excel | DAX | Power Query

Built an interactive restaurant analytics dashboard to evaluate customer ratings, cuisine performance, order costs, delivery times, and food preparation efficiency. Created dynamic reports that provided actionable insights to improve customer satisfaction and operational performance.

Student Mental Health Dashboard

Power BI | Excel | DAX | Power Query

Developed a data-driven dashboard to analyze the relationship between student mental health, academic performance, gender, study year, and treatment status. Designed interactive visualizations that highlighted key trends to support evidence-based educational and wellness initiatives.

Global Debt Dashboard

Power BI | Excel | DAX | Power Query

Developed a global debt analytics dashboard to analyze debt levels across countries, debt categories, historical trends, and regional comparisons. Utilized data visualization and KPI tracking to present complex financial information in a clear and actionable format.

Tata Online Retail Dashboard

Power BI | Excel | DAX | Power Query

Built a comprehensive online retail sales dashboard to evaluate revenue, customer purchasing patterns, top-performing products, monthly sales trends, and geographic performance. Developed interactive dashboards that enabled effective sales analysis and strategic business planning.

Data Science Salary Dashboard

Power BI | Excel | DAX | Power Query

Designed an analytical dashboard to examine global data science salary trends by job role, experience level, company size, employment type, and geographic location. Applied interactive reporting techniques to uncover compensation patterns and support labor market analysis.

PROFESSIONAL ACHIEVEMENTS

- Completed two professional Data Analytics training programs and developed practical expertise in Power BI, SQL, Microsoft Excel, DAX, and Power Query.
- Built 8 interactive Power BI dashboards across finance, retail, healthcare, supply chain, automotive, education, and e-commerce domains.
- Applied advanced Excel and Power BI techniques to clean, transform, model, and visualize complex datasets for business reporting.
- Produced executive dashboards that transformed raw data into actionable insights through KPI tracking, trend analysis, and interactive visualizations.
- Leveraged over 15 years of accounting and financial reporting experience to strengthen analytical reporting and business decision-making.
- Demonstrated the ability to combine finance knowledge with business intelligence tools to solve real-world analytical problems and deliver meaningful business insights.
